Bubbles and Spider	Blank piece for back of pillow
Cauldron Pocket	Figure 1 Chart placement on 15 x 18 inch piece of linen

Instructions

1. Stitch using two strands of thread over two linen threads; see Figure 1 for chart placement on fabric. Backstitch the spider legs using one strand of Kohl floss. Use the couching stitch to lay down one strand of Nature Trail floss for the spider web.

2. Anchor the bone rings to the piece with two strands of Kohl floss. Refer to model photo and follow the guide on the chart.

3. Iron both stitched pieces from reverse side.

4. Use a ruler to measure from edges of stitching, and trim excess linen for each piece as follows:

   a. Bubbles and spider - 5⁄8 inch on the left, 31⁄8 inches on the bottom, 3⁄8 inch on the top and on the right.

   b. Cauldron - 1⁄4 inch on the top and 5⁄8 inch on the left, right, and bottom.

5. Apply interfacing to the back side of both stitched pieces, following manufacturer's instructions.

6. Cut an extra piece of linen to 6 x 6 inches for the back panel of the pillow.

7. Fold the top raw edge of the cauldron piece towards the back so that the stitches become the top edge of the pocket and iron.

8. Position the cauldron on top of the bubbles and spider piece and temporarily tack down with a few running stitches.

9. Pin combined cauldron and bubbles and spider onto backing linen with right sides together.

10. Sew a 1⁄4 inch seam along all four sides leaving 11⁄2 inch gap.

11. Turn pillow right side out and iron seams.

12. Remove the temporary running stitches and fill with Poly-fil.

13. Hand sew the pillow closed.
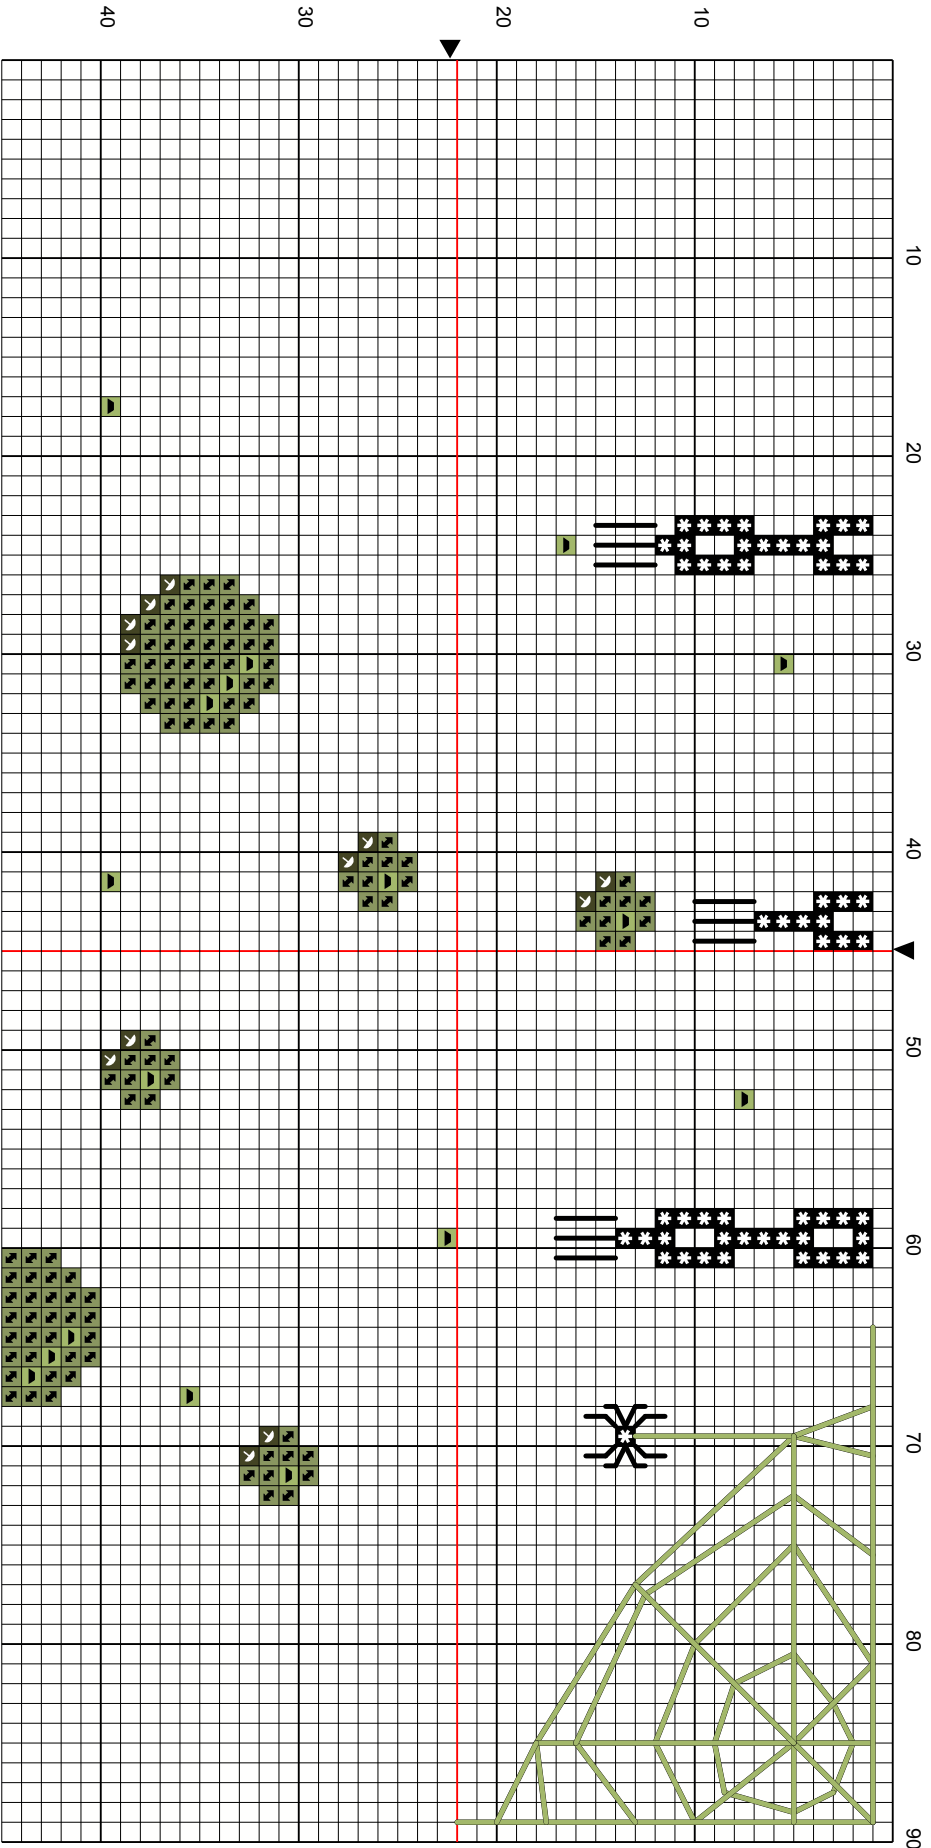

14. Adorn with the floss for your next project and enjoy!
